RAVENOL Rostlöser MoS2 Spray

Kategorie: Car care products

Artikelnummer: 1360009

Application: Workshop equipment, Passenger car, Truck, Motorcycle, Marine, Agricultural machinery, Industry, Oldtimer, Hobby and garden

0.4L | 1360009-400

RAVENOL Rostlöser MoS2 Spray is designed for the effective loosening of rusted connections, seized bolts, hinges and locks as well as offering short term water and moisture displacement from ignition contacts and electrical systems. Contains finely dispersed molybdenum disulphide (MoS2) solid lubricant for excellent lubrication properties and to provide long term protection against squeaks and creaks.

RAVENOL Rostlöser MoS2 Spray is formulated to be free of chlorinated solvents.

RAVENOL Rostlöser MoS2 Spray is suitable for use wherever moving parts need to be kept smooth and free of corrosion in all types of motor vehicles, motorcycles, marine craft, machinery, tools, lawnmowers, trimmers etc. Also ideal for use on winches, blocks, chains, wire ropes, throttle cables and all other applications where a penetrating, water displacing lubricant is required.

Application instructions

RAVENOL Rostlöser MoS 2 Spray should be shaken well before use. Spray the parts to be treated from a distance of about 15 - 20 cm and leave a short time to allow product to penetrate. Work any moving parts and repeat if necessary.

Characteristics

- Finely dispersed MoS2 solid lubricant promote excellent lubrication properties
- Relaxes and loosens seized screw connections
- Excellent water displacement of ignition contacts and electrical systems
- Extremely high creep for rapid penetration
- Protects metal parts from corrosion
- Prevents squeaking and creaking
